Saint Sylvester School celebrates the past as we prepare for the future by expanding our library!

- **❖** We are renovating the St. Sylvester School Library.
- ❖ We want a space for the "youngest amongst us to sit and read ".
- ❖ We have joined the Junior Library Guild allowing us to purchase the top books available for our grade levels, catalog card kits, etc., to help us get the books into circulation immediately.
- We are establishing a Library / Media Fund to assure that we can maintain the collection, adding new books and educational resources with an eye to putting our card catalog on the school server.
 - We are asking for donations so we may fund the resources we need such as books we feel will help us balance the different genre in our collection.
 - We are asking for donations so that we may expand our digital resources including eBooks, after school programs such as chess, and online learning.
 - We would like to fund an assembly each year bringing an author or artist to speak to our students.

Please consider making a donation to our Saint Sylvester Library / Media Fund!

- Start by deciding the amount you would like to contribute. Ten dollars is an average donation that can fund a new book. Donations of Fifteen dollars or more will fund a new book with the extra set aside to help fund the digital needs of the school, after school clubs or an annual Author / Artist Assembly.
- A Bookplate will be added to the front of each book with your name and to whom it is dedicated.

Are you ready to help us celebrate the past, while looking to the future, as we expand the SSS Library / Media Center? Fill out this form, add cash or a check made payable to St. Sylvester School, and return the form to the school's office.
